

Aurora Steam Carpet & Upholstery Cleaning was referred to me to carpet clean a large area of carpet throughout our facility. Since Ron and his crew have been hired they have cleaned over 14,000 square feet of carpet to date. I have been impressed with their promptness, professionalism, and dedicated work ethic.

We were extremely satisfied with how our banquet rooms, ballroom, and hallways have been cleaned and refreshed so thoroughly removing all stains, even the most stubborn stains we thought were Permanent.

It is our pleasure to recommend Aurora Steam to you and/or your company. We have every confidence that you will be as pleased with them as we are!

Sincerely,

Joe Sanna  
Chief Engineer
