**Windsor–Essex Janitorial Inc. and Aurora Steam
3270 Electricity Drive
Windsor, Ontario N8W 5J1**

Attention: Ron Lebert

Ron,

We are writing to recommend the multiple cleaning services provided by Ron and his Team at Windsor-Essex Janitorial / Aurora Steam to us in the past number of years. They are all committed to doing it right and satisfying our needs! Initially they started cleaning our office space at multiple facilities. Ron with his staff are friendly, professional and regarded as a quality service provider to our needs.

Ron is always looking for ways to increase his services to us and is now keeping our truck fleet looking clean and professional with bi-weekly washing of our entire fleet with his Aurora Steam Services. Again as a new business venture for Ron he has invested the time and the money for new equipment to do the job right!

We highly recommend Ron and his professional team as he is not afraid of any challenge that comes his way. He continues to prove time and time again he will do the job right!

We are very proud to have Ron and his team help us look good every day!

**Best Regards,
Steve and Kellie**
